Change procedure (synthetic sample)

1. Purpose

This procedure explains how either party asks for a change to the Services.

2. Urgent changes

Where a change is needed urgently to protect the security of the Services, the Supplier may make it first and ask for approval afterwards.

3. Requesting a change

To request a change, the requesting party shall:

1. Send the change request on the form in Schedule 5.
2. Attach a description of the work and the reasons for it.
3. Name the person who may approve the change.

4. Assessment

The Supplier shall assess each change request within ten Business Days.

5. Approval

No change takes effect until both parties have signed a change note.

6. Records

The Supplier shall keep a register of all change requests and their outcome.
