Services Agreement (synthetic)

4. Changes

4.1 Either party may ask for a change to the Services by sending a written change request to the other party.

4.2 The Supplier shall assess each change request within ten Business Days and state its effect on the Charges.

4.3 Where a change is needed urgently to protect the security of the Services, the Supplier may make it first and ask for approval afterwards.

4.4 The Supplier shall not increase the Charges for a change:

4.4.1 that corrects an error in the Supplier’s own documents;

4.4.2 that is required because the Supplier failed to perform its obligations;

4.4.3 that is needed to comply with a change in law; or

4.4.4 that the Supplier itself asks for.

4.5 No change shall take effect until both parties have signed a change note that describes it.
