Goods receipt procedure (synthetic sample)

1. Scope

This procedure covers all goods received at the main store.

2. Responsibilities

The store keeper carries out the checks below.

3. Receiving checks

For each delivery the store keeper shall:

1. Check the delivery note against the purchase order.
2. Inspect the packaging for damage and record any damage on the note.
3. Count the items and compare the count with the note.
4. Take a photograph of any damaged package before it is opened.

4. Nonconformities

Damaged or missing items are reported to the buyer on the same day.

5. Records

Delivery notes are filed by date and kept for six years.
