# Chemical store rules (synthetic)

The limits below apply to the workshop chemical store.[1]

| Class | Description | Storage limit |
|---|---|---|
| 1 | Explosives | Not stored on site |
| 2[3] | Flammable gases | 4 cylinders |
| 3[4] | Flammable liquids | 250 litres |
| 4 | Flammable solids | 50 kg |

[1] The store is inspected every month.

[3] Cylinders are chained to the wall.

[4] Only in the fire-rated cabinet; outside it the limit is 25 litres.
