Cleaning services agreement

Agreement CS-0912 between Lowmoor Facility Services (“the Supplier”) and Tallis Brook Clinic (“the Client”), both fictitious · synthetic sample

1 Services

The Supplier cleans the Client’s premises at 7 Orchard Row as described in Schedule 1 (service specification). Cleaning takes place on working days between 18:00 and 22:00, unless the Client asks for a different time at least two working days in advance.

The Supplier provides all cleaning materials and equipment. Window cleaning is carried out every eight weeks, inside and outside, at all floors that can be reached from the ground or from a ladder.

2 Staff and access

The Supplier names a supervisor who is responsible for the work and who can be reached by telephone during the cleaning hours. Cleaning staff wear the Supplier’s identity badge and follow the site access rules in Schedule 2. Keys and access cards are signed for and are returned when a member of staff leaves.

3 Quality

The Client and the Supplier inspect a sample of rooms together once a month and record the result on the inspection form. If the result is below the agreed standard in two consecutive months, the Supplier presents an improvement plan within ten working days.

4 Prices and payment

The Client pays the monthly price in Schedule 3. The Supplier invoices at the end of each month, and invoices are payable within 30 days. Prices are fixed until 31 December 2027 and are then adjusted once a year by the change in the national index of labour costs.

5 Term and termination

This agreement starts on 1 December 2026 and runs for two years. Either party may terminate it with three months’ written notice to the end of a calendar month. The Client may terminate it with one month’s notice if the Supplier fails to present or carry out an improvement plan under clause 3.

6 Insurance

The Supplier holds public liability insurance of at least EUR 5,000,000 per claim and shows the certificate to the Client on request. The Supplier is responsible for damage caused by its staff during the cleaning hours.

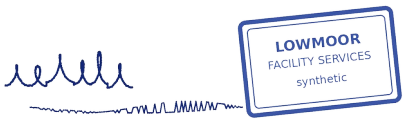

7 Confidentiality

Cleaning staff may see patient information left in rooms. The Supplier instructs its staff not to read, copy or remove any documents, and reports any breach to the Client on the same day.

8 Signatures

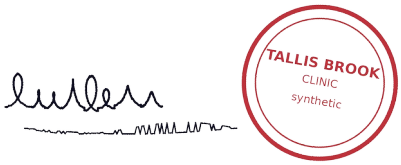

Signed in two copies, one for each party.
